1. The listing of references in the specification is not a proper information disclosure statement. 37 CFR 1.98(b) requires a list of all patents, publications, or other information submitted for consideration by the Office, and MPEP § 609 A(1) states, "the list may not be incorporated into the specification but must be submitted in a separate paper." Therefore, unless the references have been cited by the examiner on form PTO-892, they have not been considered.

2. Claims 9-13 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claim 10 recites the limitation "the movable camera" in line 7. There is insufficient antecedent basis for this limitation in the claim.

Claim 11 depends from itself and is thus considered indefinite.

Claim 12 utilizes the abbreviation "PTZ", which should be defined in the claim.

Claim 9 utilizes the abbreviation "PZT", which should be defined in the claim.

Claims 13 depends from rejected parent claim 11.

- 3. Claims 1-9 and 14-16 are allowed.
- 4. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Daniel Pihulic whose telephone number is 703-306-4168.
